Experience

I started my post-grad career as a school-based therapist before becoming an elementary school counselor. Social and emotional learning in youth is my passion, whether through large group prevention, individual intervention, or parent and teacher education! I have been at my current school for 5 years now, providing a comprehensive school counseling program.

Philosophy

- I only sell resources that I create for my own students and use first with them!
- All of my work is rooted in evidence-based instructional, SEL, and/or therapeutic practices.
- My aim is to make things **effective** and **engaging** for wiggly learners and use wording accessible to underserved and EL populations.
